Art by the Bay Opening Night

From the Principal

This term professional development for staff will focus on the implementation of our new science and technology syllabus.

All staff attended our COSIES (Community of Schools in the Eastern Suburbs) conference for Staff Development day. The keynote speaker and workshops followed the theme of 'Connecting, Creativity, Curiosity and Coding.' Workshops included: Everyone can Create and Everyone Can Code by The Apple Education Team, Creative Classroom from Google and Computational Thinking with Microbits, to name a few.

To support further coding experiences in the school, we have on loan from the STEM SHARE initiative, a kit containing a variety of robotic devices including Ozbots, Makey Makey, Microbits and EV3 LEGO. These devices will be used in classrooms and lunchtime code clubs to develop collaboration, problem solving and scientific thinking.

Code Club has started for interested students in Year 2, 3 and 5. This is held at lunchtimes throughout the week. It is very popular and will continue throughout the year to allow different groups to participate. Thank you to our teachers for volunteering to run these extra-curricular activities in their lunch time.

Upgrades continue at Rose Bay PS

Work around the school continues with the painting outside the Year 6 classroom and aftercare. The library area has had another area painted as well as areas in Block D. We are also renovating the staff toilets in Block B and D. The school is looking fresh and clean. Still more to come....

RUGBY WORLD CUP SPORTATHON 2019

ONLY TWO WEEKS TO GO!!!

Date: **Tuesday 4th June 2019**

Time: **9.30 - 11.05**

How does the event work?

Every student will participate in 13 different sporting activities and rotate around the various stations. Each class has been given a country that participates in the Rugby World Cup. The students will wear the colours of that country's team. Sport shoes, hat, sunscreen, water bottle and appropriate clothes for sport are essential.

How does the fundraiser work?

Each student will receive a sponsorship booklet TODAY to sign up family, friends and neighbours.

On the morning of the event, all students bring in their sportathon booklets.

After the event, all students return sponsorship money to be in the draw for fantastic prizes.

There are two draws, one for students raising \$30 or more and one for students raising \$100 or more.

There are also awesome prizes for the top money earners including vouchers, sports packs, holiday camps and MANY MORE!

There will be fabulous class prizes of sporting sessions with NSW Rugby, awarded to the top money-raising classes in each stage.

When do I hand in my sponsorship money?

Money can be paid on line via the school website from Tuesday 4th June until Friday 28th June. Alternatively, there will be a "drop box" at the school office.

Where is the money going?

This year we are raising funds for the school's technology programs. ALL the money raised from the event goes directly towards helping our children. Previously, funds raised at the event have been used to purchase smart boards, iPads and robots for our technology programs. As the school's major annual fund raiser, we hope you will generously support this event.

WE NEED YOUR HELP!

We still need donations of prizes and vouchers. If you can donate something suitable, please email us or drop it into the school office. We would love your assistance on the morning from 9.00am-11am to help run the activity stations. If you can help, please email your name, child's name and class to sportathon2019@gmail.com.

Many thanks in advance to all parents and students for their involvement in this very special event.

Library News from Miss Skelton

Our Grandparents Day Book Stall was a great success! Over \$1,600 worth of new picture books, home readers and text sets were donated by the Grandparents and Friends of our Kindergarten students. Thank you to all the very generous families who purchased books. These new books are in the process of getting covered and will be ready for Kindergarten and classes to borrow this term.

Also, a reminder about the Premier's Reading Challenge - keep reading.
